

Thinking Quietly

Specification Guide

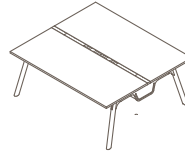

Thinking Quietly

In a noisy world, Thinking Quietly's range of acoustic furniture offers peaceful respite. Consulting acoustic engineers as part of the design process, advanced acoustic materials were chosen to create a balanced sound environment, while a stylish retro design fits perfectly in the modern office.

A minimalist line drawing of a desk and chair. The desk is a simple rectangular surface with a vertical support leg on the right side. A chair is positioned in front of the desk, with its backrest and seat visible. The drawing uses thin, dark lines on a light background.

Thinking Quietly

Workstation Finishes

1. Frame Powdercoat

Thinking Quietly steel and aluminium frame is available in powdercoat colours to match our acoustic panel range. Custom colours are also available.

2. Timber Legs / Fascia

Our legs are all made from solid Oak Timber as standard. We offer a premium finish of Black solid colour with exposed timber grain.

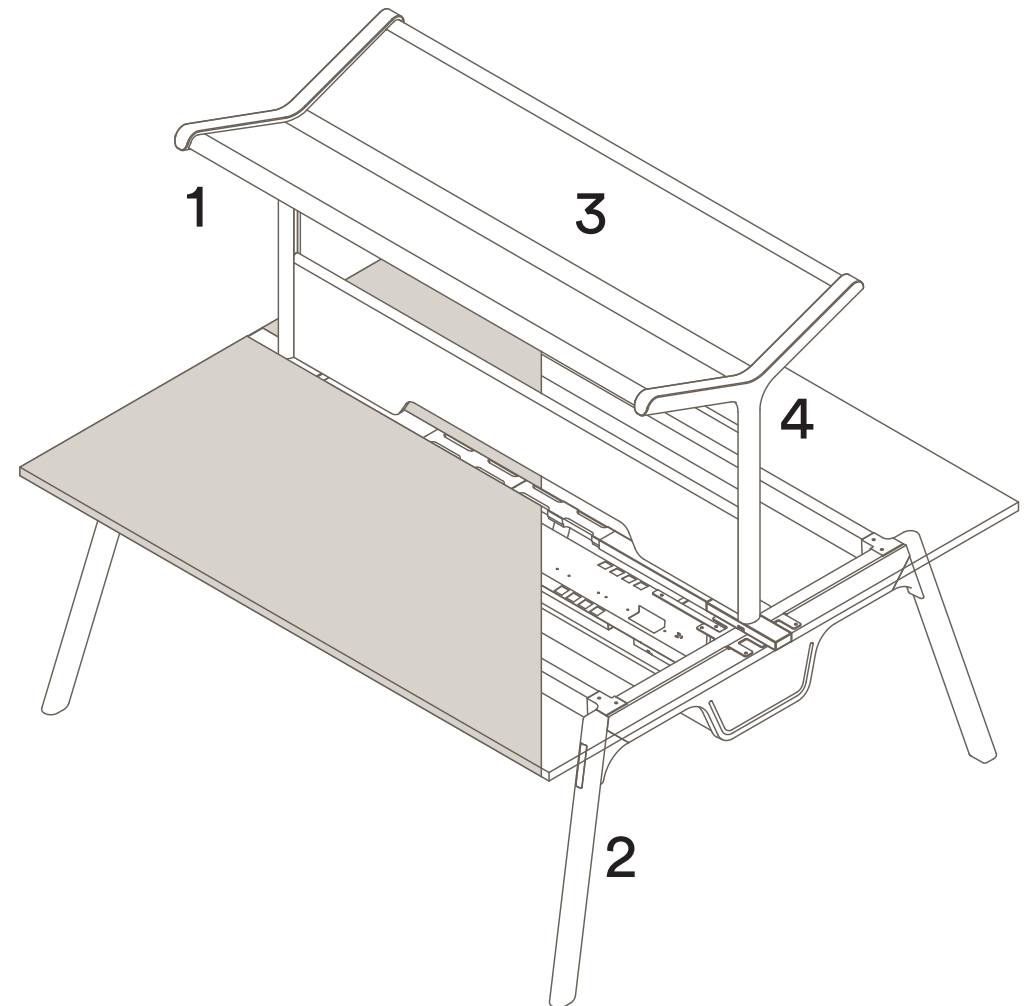

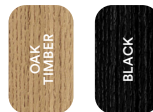

3. Canopy / Screen Acoustic Panel

Thinking Quietly acoustic material is available in Light Grey, Dark Grey and Oatmeal to fit perfectly in any office setting.

4. Canopy / Screen Frame / Infill Blocks

Our unique Canopy Frame and accessories are made from timber to match the Thinking Quietly legs. Oak comes as standard. We offer a premium finish of Black solid colour with exposed timber grain.

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.

Workbay Finishes

The Work Bay is made from modular screen panels that are CNC machined and glued in jigs to ensure rigidity and consistency in manufacture. Each panel can be joined quickly to create Work Bays of varying sizes and configurations. The opportunities are almost endless.

1. PET Acoustic Panel

Thinking Quietly acoustic material is available in Light Grey, Dark Grey and Oatmeal to fit perfectly in any office setting.

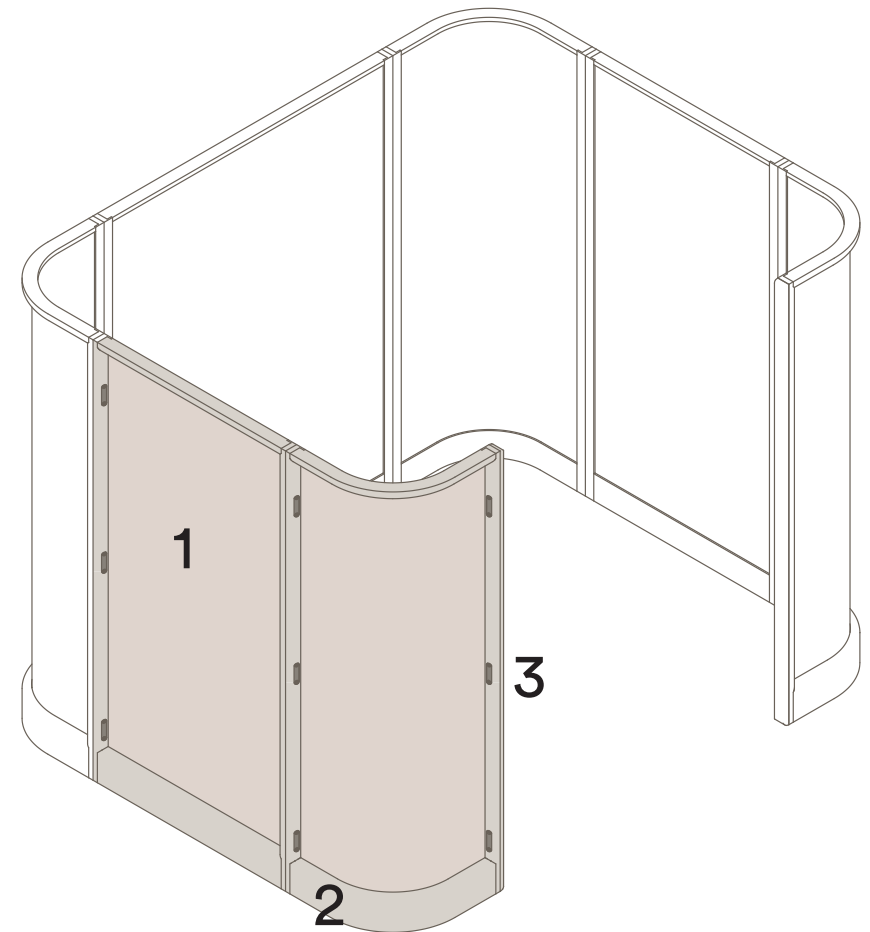

2. Timber Frame

Workbay frame is made from solid Oak timber. We offer a premium finish of Black solid colour with exposed timber grain.

3. Joiner Powdercoat

Aluminium Workbay joiners are available in powdercoat colours to match our Acoustic Panel range.

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.
