Thinking Works

Screenliner

Specification Guide

Screenliner

Inspired by aeronautical and automotive interior design.

Screenliner creates a personal cabin space for the office worker with integrated storage for phones, glasses, head-sets, and other personal effects. Screenliner features built-in power and inductive charging facilities as well as concealed power management.

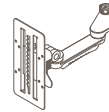

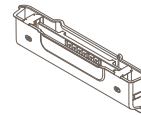

Screenliner
Finishes

1. Screenliner PET Screen

Screenliner PET material is available in Light Grey, Dark Grey and Oatmeal to fit perfectly in any office setting.

LIGHT GREY | DARK GREY | OATMEAL

2. Console

Screenliner provides storage for personal effects as well as built in power and inductive charging. It has neutral finishes in tones of black and grey with brushed and subtle textured premium finishes.
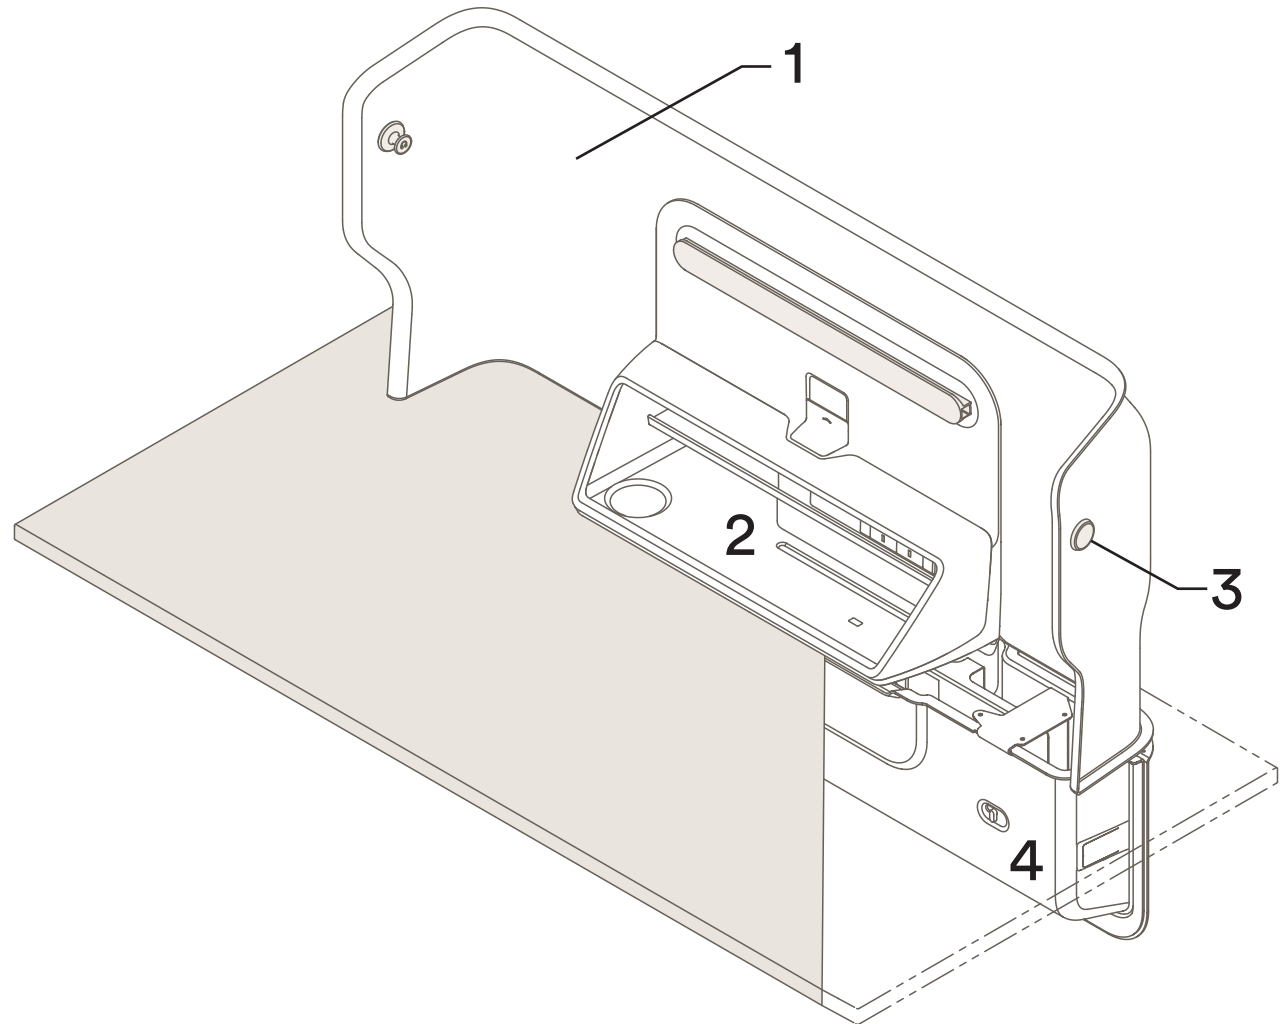

— DARK GREY
— BLACK
— SATIN NICKEL

3. Accessory Hooks

Way-finder points on each side of the screen double as accessory hooks for headsets and glasses. The hooks are made from cast aluminium with a brushed Satin Nickel finish.

SATIN NICKEL

4. Cable Management

The concealed power and cable management compartment doubles as a modesty panel, with a removable front cover for easy access. Made from PET material and available in matching screen colours; Light Grey, Dark Grey and Oatmeal.

LIGHT GREY | DARK GREY | OATMEAL

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.
