## Screenliner

A cost-effective workstation screen designed to make your staff enjoy being at work.

Inspired by aeronautical and automotive interior design, Screenliner creates a personal cabin space for the office worker with integrated storage for phones, glasses, headsets, and other personal effects. Screenliner features built-in power, inductive charging facilities and concealed power management. Upgrade your existing desk now by retro-fitting Screenliner's all in one solution.

Height adjustable monitor supports are hidden from view eliminating the fuss and clutter of yesterdays' office design, while ambient lighting puts the occupant in a more natural mindset, with the light colour changing throughout the day, helping with concentration and reducing "office lag".
