

# Bambusa Stix

# Furniture for the Curious

## Bambusa Stix

Inspired by natural and timeless building techniques to support a modern work environment.

Bambusa Stix is a designed desk and table system inspired by the honest and simplistic construction of bamboo scaffolding. Bambusa Stix uses extrusions, die castings and steel tubular profiles to create its unique style.

Bambusa Stix is available with fixed height and height adjustable framework, with a seamless transition from one to the other which is easily achieved with the Bambusa Stix design language.

Privacy screens are available in most commercial fabrics, upholstered over acoustic PET board, or manufactured with exposed acoustic PET from the standard range of Thinking Works PET colours.

01

- 01

Framed acoustic PET screen
- 02

Power Pocket allows for up to 6 GPO points
- 03

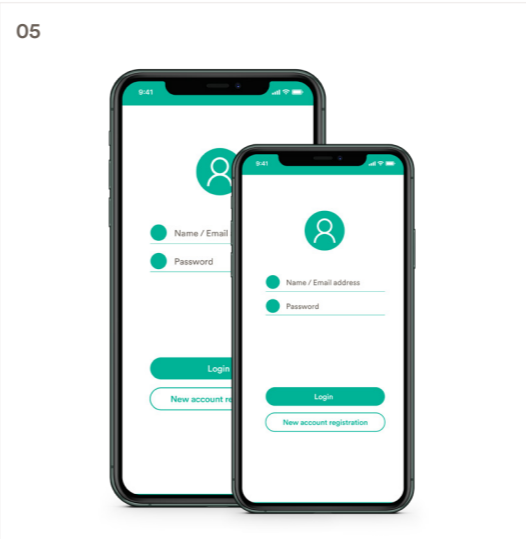

Programmable hand control
- 04

End caps and end lids neatly finish the ends of the cable trays
- 05

Electric desks have the option to integrate smartphone-based controls via Bluetooth App
- 06

Cable bridge allows soft wiring to be concealed from work point to work point
- 07

Scaffold inspired aesthetic details

The thoughtfully designed wire management system consists of a continuous extruded aluminium cable tray which cleanly conceals reticulation of power and data cables.
