

Diva

Specification Guide

Diva

There's more than meets the eye.

Go beyond the striking wooden exterior and discover a host of ingenious design elements, each cleverly concealed within the solid timber build and die cast aluminium features.

Diva

Diva Finishes

Commanding attention yet yielding to workplace practicalities, Diva blends style and substance with ease, offering a range of finishes and configurations to suit any office space.

1. Tops

25mm commercial Melamine, Laminate or Veneer worktops. Square or Sharknose ABS or Solid Timber Edging.

2. Legs

Diva legs are made from Timber. Ash comes as standard. We offer premium finishes of Solid Walnut and solid colour with exposed timber grain in Black or White.

3. Undercarriage

The Diva undercarriages are made from moulded plywood. Ash veneer comes as standard. We also offer Black solid colour with exposed timber grain.

4. Frame Finishes

Diva aluminium frame is available in our current season powdercoat colours listed. Custom colours are also available.

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.

Materials Information

Seamless Powerbox Steel Powerbox Chassis

a. Black Powdercoat

NEUTRIK outlets at top and bottom of Powered Leg allows for plug-in power from Seamless box to floor.

Powered Leg lead housed in 16mm flexible conduit within Diva leg cavity to allow for power and data segregation in shared Powered Leg.

*Interconnecting leads for Seamless powerbox available in 500 / 1000 / 2000 / 3000mm.

**10amp 3-pin to NEUTRIK starter lead available.

NEUTRIK is a rugged power solution in combination with a locking mechanism to guarantee a safe power connection. NEUTRIK connectors also feature a breaking capacity which allows it to be connected or disconnected under load or live.
