

Sir. Alfred

Furniture for the Curious

Sir.Alfred

A lectern is a tall stand with a slanted top. Sir.Alfred, designed and manufactured by Thinking Works, is so much more.

Sir.Alfred offers mobility, electric height adjustment, privacy for a presenter behind nesting screens, and a charging point to keep a device charged throughout the presentation.

Sir.Alfred is the ideal sit-to-stand option for facilities that require flexibility, or as a smart work point for reception areas to provide ergonomic function behind aesthetic screening.

- 01 Worktop - Thinking Works recommends the core Laminex 25mm decorated Vertiboard range which comes in a range of colours with matching ABS edging.
- 02 Screen Clamping Plate - Screen rear clamping plates are available in Noir and Blanc powdercoat. We also offer premium clamping plate finishes in our current season powdercoat colours.
- 03 Upholstered Upper and Lower Screen - options include Customer Supplied Fabric and Thinking Works Recommended Fabric.

Furniture for the Curious

Sir.Alfred

An electric height adjustable system with integrated fabric screens available as a presentation lectern or desk.

Sustainability Policy

We realise the importance of responsible business practices and have in place numerous product and company sustainability certifications. We would encourage you to download our annual Sustainability Report from the ThinkingWorks website to get a full overview of our sustainability program.
